The design of mindful spaces

Standard Line Swing 38

Sleek Casement System

Company Profile

“aarpu” is an indian based company in the engineering, distribution and design of aluminium windows, doors and facade solutions. “aarpu” is a platform that offers homeowners, businesses, and professionals informative articles on the latest design trends and best architectural practices in the fenestration world.

We have dedicated ourselves to excellence since our inception. Our journey began with a vision to revolutionize the way people perceive and experience doors and windows. With a relentless commitment to quality, craftsmanship, and innovation, we have emerged as a trusted name in the industry, catering to diverse residential, commercial and institutional projects.

The design of mindful spaces

- Supplier of luxury aluminum door and window solutions
- International quality & standards
- In-house design and project execution team
- Young, innovative and creative system design company
- A trend toward clean lines, minimalism, and sophistication in design

Features

Modern Aesthetic:
Thin frames and large glass panes give a clean, minimalist look that fits perfectly in contemporary spaces.

Smooth Operation:
Easy-to-open casement styles allow for effortless cleaning from the inside.

Configurations:
Inward/Outward Swing, Tilt and Turn, Double - Sash, Top - Hung/Bottom - Hung, Fixed Configuration.

Easy-Clean Hinges:
Open outward, which allows easy access to both sides of the glass from indoors, so you can clean the exterior glass without needing to go outside**.**

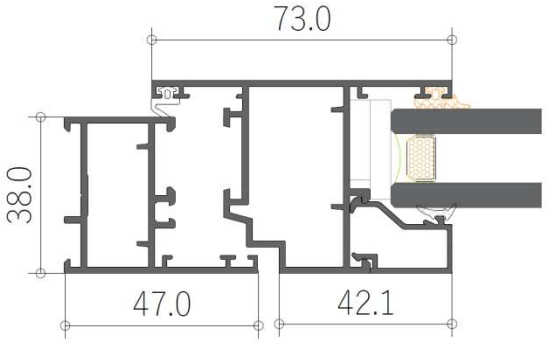

Secure Design:
Standard locking mechanisms offer basic security for peace of mind.

Broad Appeal with a Contemporary Twist

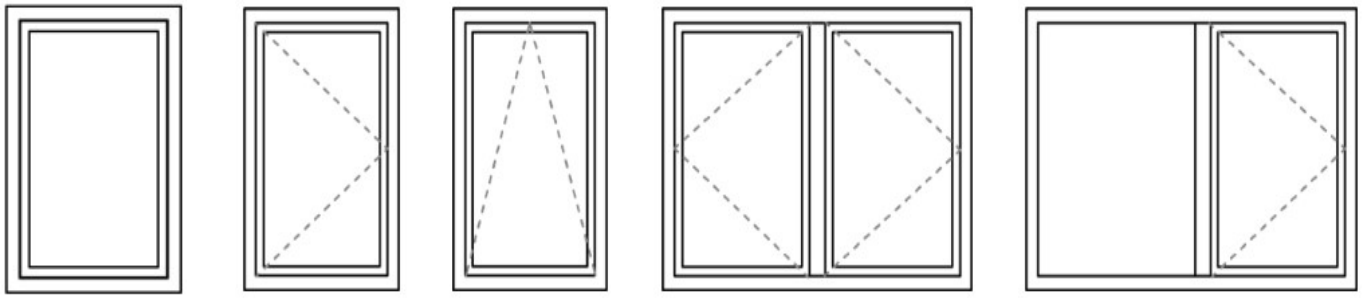

"**AP-38**" is engineered with exceptional design flexibility, making it one of the most adaptable hinged window models available. Its refined design elevates aesthetic versatility, seamlessly integrating diverse functionalities and enhancing the appeal of contemporary construction.
